Transform your dream into reality: the satisfaction of designing your custom home

This two-story house to renovate is a great opportunity to create the home of your dreams. On the ground floor, it has a spacious garage 15 meters deep and a 36 m² garden, perfect for enjoying the outdoors.

On the first floor, the house, although started, needs a complete renovation. Currently, it has three bedrooms, a bathroom, a kitchen, and a dining room with access to a south-facing terrace, ideal for making the most of natural light.

The property is a 13-minute walk (950m) from the beach, 400m from Gaziel school, and located on a low-traffic street with plenty of tranquility. According to the town hall's POUM, an additional floor can be built.

The real advantage of this property is that it is a blank canvas, allowing the buyer to redesign the layout and personalize each space to their liking, removing partitions and creating a unique and customized home.

Living in Sant Feliu de Guíxols offers multiple advantages: pleasant Mediterranean climate, beautiful beaches and coves, an ideal natural environment for outdoor activities, a rich cultural and

gastronomic offer, and a welcoming community. Additionally, its location on the Costa Brava provides easy access to other cities and tourist destinations in the region.

Taxes and expenses not included in the price.
